### Why Should You Join Our Team?

Have work-life balance, with the best of nature at your doorstep! Help to make a difference in the lives of animals with flexible work hours. Be part of an energetic team environment with others who share your passion for animal welfare!

The Thunder Bay and District Humane Society (TBDHS) is seeking a licensed, full-time shelter veterinarian to provide medical and surgical care to TBDHS shelter animals (canine and feline) and high-volume sterilization for surgical patients of our public spay and neuter clinic. This position is supported by an experienced team of registered veterinary technicians and veterinary assistants.

### Essential Duties Snapshot:

- Performing spay and neuter surgical sterilizations
- Examining animals pre and post-op
- Performing daily care and surgical intervention of shelter animals
- Supervise the handling and recording of controlled substances by veterinary technicians
- Direct the work and provide feedback to RVT's and VA's in the clinic
- Limited after hours and on-call for surgical patients in the post operative period – tele-triage service is provided

### Competitive compensation package:

- Competitive salary with medical and dental benefits
- Retirement savings program
- Flexible daytime hours
- Paid vacation and sick days
- Relocation allowance
- License dues and CE allowance
- And more!

Contact us to learn more. We look forward to hearing from you!
