Dear [MP's Name],

I am writing to you as a concerned constituent and advocate of animal welfare. Humane societies and SPCAs are integral to Canada's identity, and Canadians trust these organizations to protect and care for animals across the country.

As we approach the upcoming election, it is critical to ensure that animal welfare remains a top priority for all political parties and our future government.

Recent years have seen meaningful progress, including the passing of laws to end cosmetic and toxicity testing on animals and the recognition of the "Violence Link" in domestic violence legislation.

However, there is still much work to be done. Humane Canada, as the national federation of SPCAs and humane societies, has been a driving force behind these efforts, and their continued leadership is vital as we work towards a more humane future for animals.

By including animal protection in your platform and committing to support stronger animal welfare laws, you will help ensure that Canadians' values are reflected in the policies of the next government. Together, we can build a Canada where animals are treated with the respect and care they deserve.

If elected, what would your party do to improve animal welfare in Canada?

I look forward to hearing your thoughts on how we can work together to advance animal welfare in Canada.

Thank you for your time and consideration.

Sincerely,
[Your Name]
